## ABOUT ME

Highly skilled Full Stack Laravel Developer with 1 year of hands-on experience in building dynamic and scalable web applications using Laravel, PHP, React, and MySQL. Proficient in backend architecture, frontend integration, and cloud deployment. Committed to delivering clean, maintainable, and efficient code, with a strong focus on performance optimization and user experience.

## EXPERIENCE

### M.Anwar & Brothers

oct/2017 – Sep/2020

- Internet troubleshooting and network maintenance
- Computer hardware and software troubleshooting
- Assisted in system installation and configuration
- Worked on frontend web development projects (6 months)

### Codesoft ( Remote Internship )

Aug/2023 – Sep/2023

- Contributed to the development of key frontend projects, including a landing page, a calculator, and a To-Do List application.
- Designed and implemented responsive layouts using HTML, CSS, and JavaScript to ensure compatibility across various devices and screen sizes.
- Worked collaboratively with the team to enhance the user experience, adhering to UI/UX best practices for each project.
